Mobile Dental Clinic Stops at AAU –Ad Campus-

In collaboration with the Medical Services Department of Abu Dhabi Police GHQ, The Deanship of Student Affairs at Al Ain University of Science and Technology -Abu Dhabi campus, organized a health education week.

The week included a number of events mainly represented by the Mobile Dental Clinic comprehensively equipped with dental care equipment including an oral screening and x-ray machines as well as the sterilizing equipment specific to mobile dental care units.

Further, several activities were held during the health education week such as dental check-ups for students and staff where they received the diagnosis of the screening as well as tips to help raise the level of awareness regarding dental and oral hygiene.
